Experience

A2Z IT HUB PRIVATE LIMITED

Software Developer

Jan 2024 - May 2024

- Developed responsive web applications for diverse clients using modern web technologies, ensuring robust and scalable solutions.
- Managed and enhanced admin panels for seamless content and user data handling, improving operational efficiency and data management.
- Collaborated with cross-functional teams to ensure cohesive integration of front-end and back-end systems, delivering high-quality user interfaces and improved user experiences.
- Contributed to 5+ live client projects, including hospital, dairy, pharma, solar, and construction websites, aligning design and functionality with client goals.

Projects

GitHub Recruiter | *HTML5, CSS3, JavaScript, React, Chakra UI, Node.js, Express.js, MongoDB, Git, Firebase*

- 🚀 **Deployed Link** : <https://gitmatch-hackathon-frontend.onrender.com/>
- 🌐 **Github Repo** : <https://github.com/PrashantPalve01/gitmatch-hackathon>
- Developed a full-stack application in 48 hours during a hackathon to streamline technical hiring using real-time GitHub data analysis.
- Designed and implemented a custom scoring algorithm to evaluate developer profiles based on commit frequency, language proficiency, repository quality, and code metrics.
- Enabled recruiters to create role-specific standard profiles and receive intelligent candidate recommendations using GitHub API and ML-like rule-based evaluation logic.
- Handled system architecture, backend services (Node.js, Express, MongoDB), GitHub API integration, Firebase Authentication, and frontend development with React and Chakra UI.
- Deployed a fully functional, responsive application on Render, achieving up to 80% reduction in manual resume screening through automated analysis.

MediTrack | *HTML5, CSS3, Tailwind CSS, JavaScript, React, Firebase*

- 🚀 **Deployed Link** : <https://meditrackapplication.netlify.app/>
- 🌐 **Github Repo** : <https://github.com/PrashantPalve01/Medication-Management-App>
- Led a 4-member team to build a full-stack medication management application designed to help users track prescriptions, doses, and medication history.
- Architected the frontend using React.js and Tailwind CSS, focusing on intuitive UX and mobile responsiveness.
- Integrated Firebase for real-time data syncing and notifications, contributing to seamless and reliable user experiences.
- Adapted quickly to evolving project requirements and deadlines, demonstrating flexibility in a dynamic team environment.
- Contributed to fostering a positive and productive team culture through proactive problem-solving and continuous improvement.

Skills

Technical Skills: HTML 5, CSS 3, Bootstrap, Tailwind CSS, JavaScript, React, Redux, Node.js, Express.js, MongoDB, RESTful APIs, Git, Responsive Web Design

Soft Skills: Adaptability, Time Management, Problem Solving, Effective Communication
